As a distributor you will be able to purchase our products at wholesale and then turn around and sell to your customers at retail. The difference in price goes directly in your pocket.

► Website Sales

By promoting your free website, you can send your customers directly to your website and they can purchase as much product as they like. As a distributor you will receive 30% of the sale as commission.

► Team Building

By telling your friends, family, co-workers, neighbors and everyone else about our business opportunity and they become a distributor. Every time they sell a product you will receive 5% of all sales as override commissions.

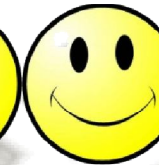

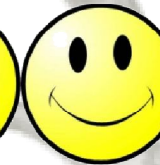

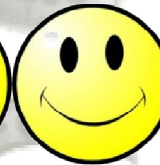

You

You go out and share our opportunity with just three people. You can share Riofit with your family, friends and co-workers – people are looking for a great opportunity.

Teach your three to get three.

In just your first two levels you already have 12 teammates. We pay nine levels deep. You can have well over 60,000 teammates that you would be receiving a 5% override on.
